

How to Check your Main Balance and Data Balance

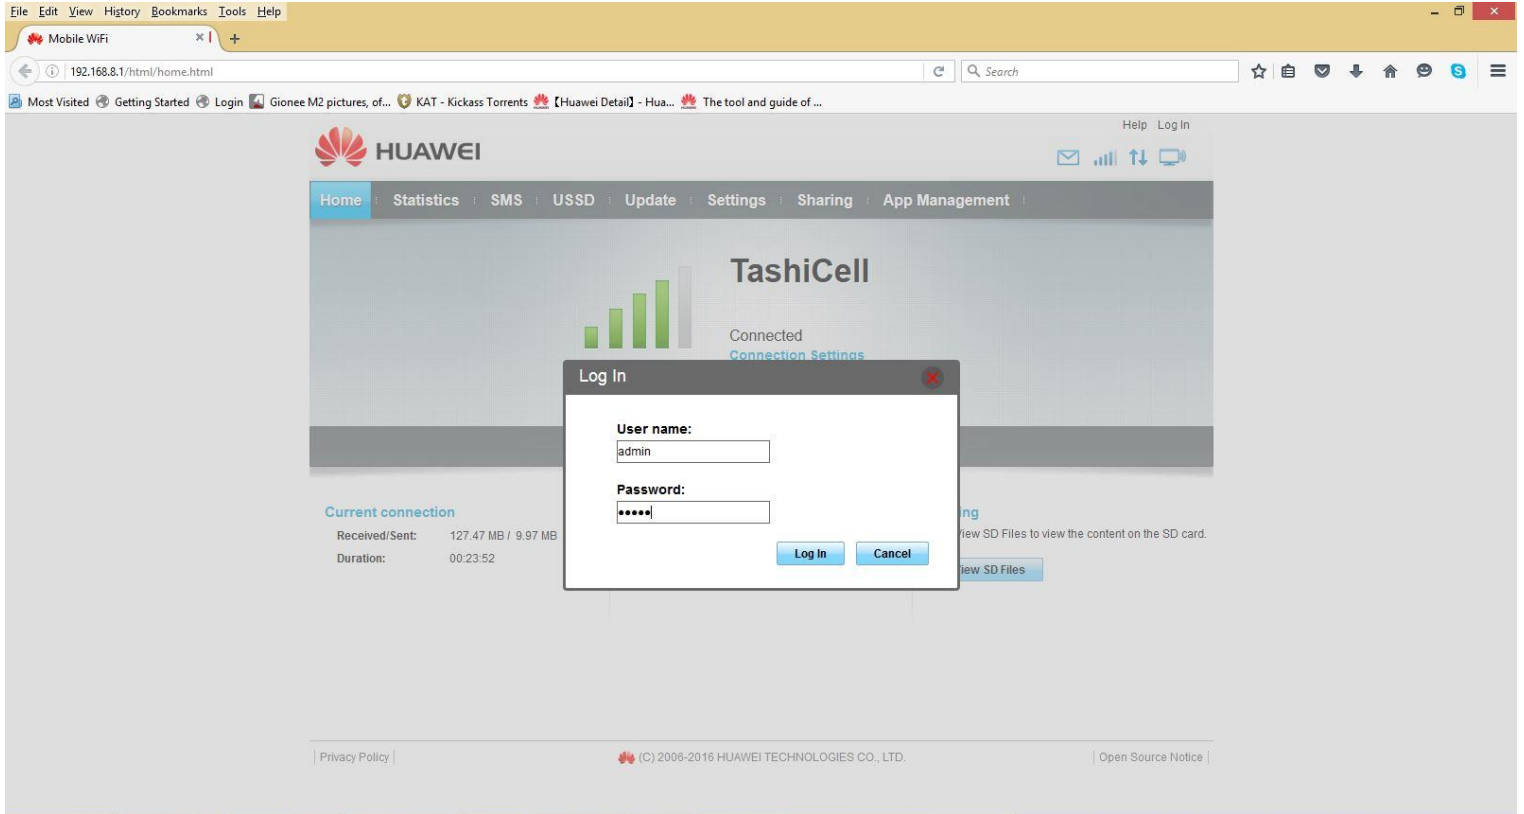

Click USSD

The screenshot shows a web browser window displaying the Huawei Mobile WiFi management interface. The browser's address bar shows the URL `192.168.8.1/html/home.html`. The page header includes the Huawei logo and navigation tabs: Home, Statistics, SMS, **USSD** (highlighted in red), Update, Settings, Sharing, and App Management. The main content area features a 'TashiCell' section with a 4G connection status and a 'Connected' indicator. Below this, there are three panels: 'Current connection' showing data usage (Received/Sent: 127.25 MB / 9.93 MB, Duration: 00:22:20), 'WLAN status' (WLAN status: On, Current WLAN user: 2), and 'Sharing' (Click View SD Files to view the content on the SD card, with a 'View SD Files' button). The footer contains links for Privacy Policy, copyright information (© 2006-2016 HUAWEI TECHNOLOGIES CO., LTD.), and Open Source Notice.

Type the following input

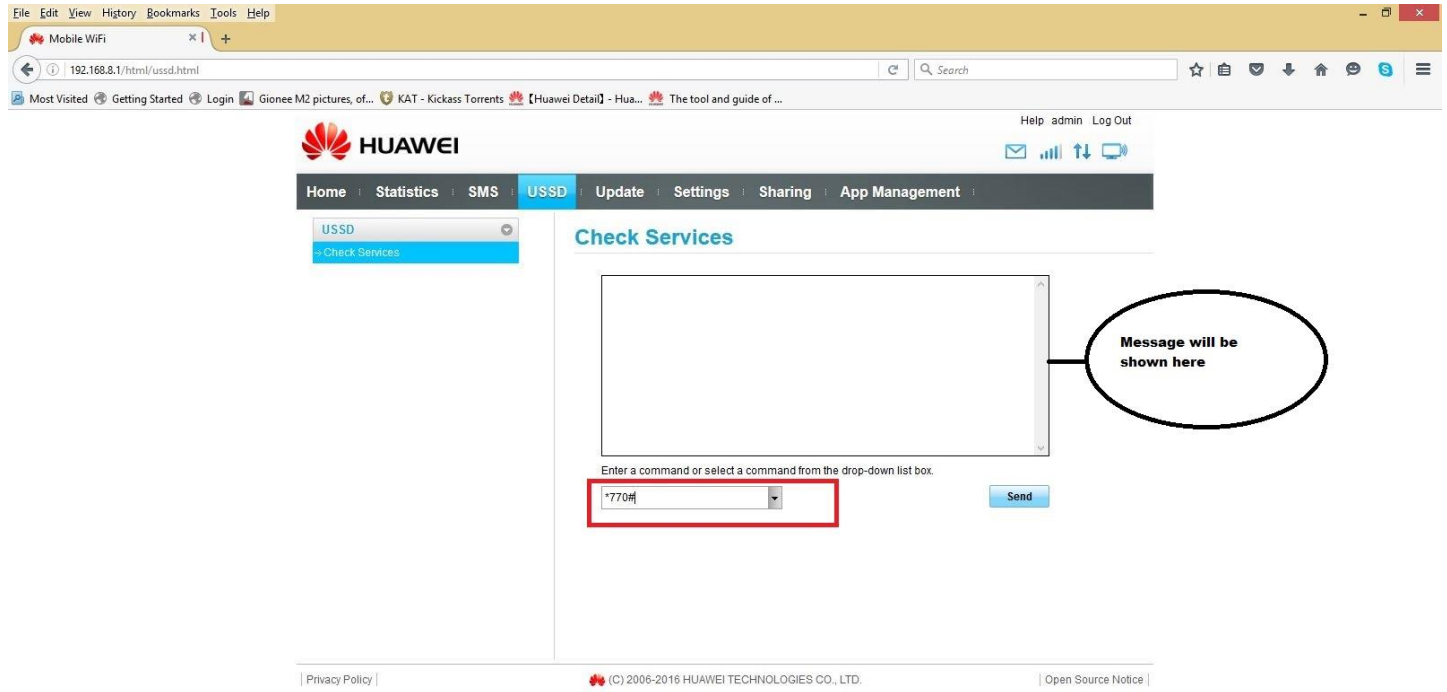

User name: admin

Password: admin

To check Main Blanc

Type *770# and Click Send button

The screenshot shows a web browser window displaying the Huawei USSD interface. The browser's address bar shows the URL `192.168.8.1/html/ussd.html`. The page header includes the Huawei logo and navigation links: Home, Statistics, SMS, USSD, Update, Settings, Sharing, and App Management. The main content area is titled "Check Services" and features a large empty rectangular box for displaying messages. Below this box is a text prompt: "Enter a command or select a command from the drop-down list box." A red rectangular box highlights the input field containing the command `*770#`. To the right of the input field is a blue "Send" button. A callout bubble with a black border and white background points to the message display area, containing the text "Message will be shown here". The footer of the page includes links for "Privacy Policy", "Open Source Notice", and a copyright notice: "(C) 2006-2016 HUAWEI TECHNOLOGIES CO., LTD."

To Check Data Blance

Type *766*4# and click send button

The screenshot shows a web browser window displaying the Huawei USSD interface. The browser's address bar shows the URL `192.168.8.1/html/ussd.html`. The page header includes the Huawei logo and navigation links: Home, Statistics, SMS, USSD, Update, Settings, Sharing, and App Management. The main content area is titled "Check Services" and features a message box with the following text:

Sent: *766*4#
Received: Your remaining quota of your Chenpo Plus_Postpaid subscription is 358.66 MB which will be expired on 01/06/2016.

Below the message box, there is a prompt: "Enter a command or select a command from the drop-down list box." A dropdown menu is shown with the command `*766*4#` selected. A "Send" button is located to the right of the dropdown menu. A red circle highlights the message box with the text "Message will be shown here".

At the bottom of the page, there are links for "Privacy Policy", "Open Source Notice", and a copyright notice: "(C) 2006-2016 HUAWEI TECHNOLOGIES CO., LTD."
